TAKE THE JIMMY FUND GOLF CHALLENGE

While you may not be able to attend your favorite charity golf outing this summer, the Jimmy Fund Golf Challenge is a great way to get on the course safely, have fun, and support the Jimmy Fund and Dana-Farber Cancer Institute. Check out some ideas below for different ways you can get on the right course to fight cancer and find the challenge that is right for you!

Traditional Golf Challenge

Keep it simple. Dedicate a round of golf to support Dana-Farber patients this summer. Choose a date, fundraise, and play 9 or 18 holes at any golf course.

Marathon Golf Challenge

Challenge yourself to see how many holes you can play in one day or pledge to play a certain number of holes or rounds over a certain time frame. For example, challenge yourself to play 100 holes over the course of the week. For a bonus challenge, do it without a cart!

Family Golf Challenge

Play a round of golf or mini golf with your kids, either at home or at a course in your community. Pledge to play a round on your at-home course every day for a week, 100 holes in one day, or 10 rounds before a certain date.

Get Creative!

Create your own chipping challenge or trick shot in your backyard, or visit the driving range for a “marathon” to hit 500 golf balls in a day. Is gaming more your style? Play golf through a simulator or video game—pledge a certain number of rounds in a day, or virtually play as many famous golf courses as you can.
